

This is one powerful card.

This is the card to carry. It has all the great features of a credit card-flexibility, worldwide acceptance, safety. Yet it acts as a check, with purchases or ATM withdrawals taken directly from your checking account.

It's easy to use.

To make a purchase, just present your card. Your purchase amount will automatically be deducted from your checking account. Every transaction will appear on your monthly statement with the detailed information you need: amounts, dates and locations.

It's convenient.

There's no ID required. It's accepted the world over-anywhere you spot the familiar Mastercard logo. And if you ever need quick cash, you can visit any one of 350,000 financial institutions worldwide or any ATM affiliated with your financial institution. It's that easy. ATM/Debit Card is also ideal for hotel reservations, car rental, and even grocery store and department store purchases.

It's safe.

ATM/Debit Card is safer than carrying cash, easier than carrying a checkbook. And if your card is lost or stolen, you aren't liable for unauthorized purchases. Just call 1-800-264-5578 as soon as you realize your card is missing.

It's a great concept!
